7th International Pheasant Management Seminar

March 7-10, 2010

MacFarlane Pheasants, Inc. is excited to announce the 7th International Pheasant Management Seminar being held from March 7-10, 2010. We invite you to join us for a 3 day seminar thoroughly covering all aspects of the pheasant industry. There will be presentations by veterinarians, professionals, and fellow gamebird producers on disease, breeding, health, brooding and much more. Extensive tours of the largest pheasant farm in the United States are included with this seminar. This is a great chance for you to visit with others in your industry from all over the United States, as well as Canada, England, and Ireland.

We look forward to seeing you at our farm in March!

MACFARLANE SPEAKERS

Troy Cisewski - Brooder Supervisor

Ben Lawton - Chick Propagation Coordinator

Bill MacFarlane - Owner of MacFarlane Pheasants, Inc.

"I've attended many professional conferences in my 26-year career. None of them have been as well-organized, as educational, or as valuable. In addition, the entire staff was gracious. The attendance of the British contingent was icing on the cake! Their knowledge and observations added so much to the experience."

Mike Deaner – Apple River Hunting

"The quality of the speakers was exceptional and very relevant to the modern Game Keeper and Game Farmer in the UK. The hospitality to the UK delegates was both generous and entertaining. I will certainly return."

Derek Woods – Shoot Manager
Doreset UK
